PRECEPTOR PLUS

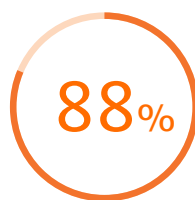

# Empower Your Preceptors, Transform Healthcare Delivery

Effective preceptorship programs have been proven to boost retention rates and improve care quality. Around 1 in 5 nurses leave the NHS within their first two years of qualifying due to a number of factors, including lack of support, stress and financial worries.<sup>1</sup>

Florence Nightingale Foundation survey findings show:

of nurses believe preceptors contribute to patient safety

of nurses note they enhanced staff wellbeing.<sup>2</sup>

of nurses indicate preceptorships help with staff retention

# Introducing **Preceptor Plus**, developed by Elsevier with its collaboration partner, the **Florence Nightingale Foundation (FNF)**.

This comprehensive eLearning course equips nurses, midwives, and allied health professionals with evidence-based strategies to enhance leadership capabilities, improve patient outcomes, and strengthen clinical practice.

## Our **Preceptor Plus** course

**Preceptor Plus** empowers current and new preceptors while optimising organizational resources. Through standardised, expert-led training, we help create a sustainable culture of support that strengthens clinical practice and improves patient care delivery.

- **16 modules** covering leadership, advocacy, assessment, role modelling, learning facilitation, cultural diversity, conflict resolution, and helps preceptors effectively convey information about roles, responsibilities, and organisational expectations.
- **Interactive Learning:** Persona-based knowledge checks, case studies, and practical vignettes that develop essential teaching and mentoring capabilities.
- **Measurable Impact:** Track preceptor progress and development through structured assessments and clear learning pathways.
- **Expert-Validated Content:** Created through partnership between Elsevier and the Florence Nightingale Foundation, incorporating best practices from global healthcare leaders.
- **Flexible, customisable tailored content:** each module is customisable and designed to take one hour to complete. This allows preceptors to select lessons that are relevant to their goals, saving time and providing flexibility.
