

Jackie Brunton

Jackie Brunton RGN, Diphe, MSc
Lead Nurse End Of Life & Bereavement Care
Blackpool Teaching Hospitals NHS Foundation Trust
FNF Scholarship 22/23

As I approach 30years of nursing I feel blessed to have worked alongside and continue to work alongside the most inspiring nurses and midwives. Our future nurses and Midwives are important and need our support and this is vital in these difficult times. The scholarship has increased my confidence in my leadership through the various programmes, mentorship and my fellow scholars. I have made lifelong friendships and support anytime I need it.

As an FNF Champion I want to promote the foundation and all the opportunities that are available and just encourage and give people the courage to give it a go and apply. I am so glad I did.
