

Victoria (Viki) Mulholland

Hi, I am Victoria (Viki) Mulholland a Nurse Consultant in Urgent Care working in NHS Lothian, in Scotland.

This year I have started my Florence Nightingale Foundation scholarship. I am really excited to have this opportunity for my own development, but also to share my learning with my peers and teams. My FNF journey has only recently begun but I am keen to be involved both in internally promoting our board's membership to the FNF academy, and more widely throughout Scotland sharing the amazing opportunities and resources the FNF academy can provide.
